## Controversies in Pediatric Cardiology for the Primary Care Professional

**Saturday, March 3, 2012**

**8 AM to 5 PM**

*Presented by*

*Conference Location:*

Harold Wade Education Center  
CHOC West Clinic Bldg., 2nd Floor  
455 S. Main Street | Orange, CA | 92868

**6.5 hours of AMA PRA Category 1 Credit™ will be offered.**

### Overview

This course will focus on common office issues faced by children with heart problems. It is designed for physicians in general pediatric and family practice as well as nurses and nurse practitioners who work in these clinical areas. Others who may benefit include emergency room physicians and nurses, and pediatric and family practice residents. The case-based workshops, faculty panels and debates, question sessions, EKG workshop and syllabus material will provide a comprehensive introduction to pediatric cardiology.

### Scheduled Presentations

#### Debates:

**-Should PCPs be Reading ECGs?**

*Pro: Kevin Shannon, MD; Con: Seshadri Balaji, MD, PhD*

**-ADHD and the Risk of Sudden Cardiac Death - Should EKG Screening be Mandatory?**

*Pro: Anthony Chang, MD, MPH, MBA; Con: Anjan Batra, MD, CCDS*
